## SKILLS

**Languages**:          C++, Python, C,
**Tools/Platforms**:     MongoDB, Tableau, Power BI, MS Excel, MS SQL Server
**Soft Skills**:         Problem-Solving, Team Player, Project Management, Adaptability

## TRAINING

**BrainyBeam Info-Tech Pvt. Ltd.**                                    May' 24 – Jun' 24
Web Development using Python/Django
- Successfully completed training focused on web application development using **Python and Django**, gaining hands-on experience in backend logic, database integration, and template rendering.
- Enhanced my programming skills in **Python**, strengthened understanding of **HTML, CSS, JavaScript**, and improved problem-solving and debugging abilities in a full-stack development environment.
- Learned to follow **industry-standard coding practices**, version control using **Git**, and collaborate effectively in a professional setting, improving my communication and project management capabilities.

## PROJECTS

**Blood Bank Management System – LIFE FLOW** | Python, Django, HTML, CSS, MySQL          Dec' 24
- Designed and developed a full-stack **Blood Bank Management System** to digitalize the process of blood donation, request handling, and inventory tracking, enhancing operational efficiency and accuracy.
- Built secure **user authentication and role-based access control** for administrators, donors, and hospitals, ensuring data privacy and streamlined workflow management.
- Leveraged **Django's MVC architecture** and **MySQL** integration to enable seamless data storage, retrieval, and transaction processing, improving system reliability and performance.
- Implemented an intuitive, responsive front-end using **HTML, CSS, and Django templates**, improving user engagement and accessibility across devices.

**E-Commerce Website** | Python, Django, HTML, CSS, JavaScript, MySQL          Jun' 24
- Developed a full-featured **e-commerce web application** using Django, enabling users to browse products, manage carts, and complete secure checkouts seamlessly.
- Designed and implemented a **role-based admin panel** for product, order, and user management, enhancing operational control and efficiency.
- Built a **responsive and user-friendly interface** using HTML, CSS, and JavaScript, improving accessibility and overall customer engagement.

## CERTIFICATES

Internship| Web Developer | Python/Django          May' 24
AI For Business  Professionals          Oct' 25
Python | *HackerRank*          May' 25
SQL | *HackerRank*          Mar' 25

## EDUCATION

**Lovely Professional University**          Phagwara, Punjab
Master Of Computer Application          Aug' 25 – Present

**Gujarat  University**          Ahmedabad, Gujarat
Bachelor Of Computer Application          Mar' 22– May' 25
CGPA: 7.5

**AVM Sr. Sec.  School**          Barmer, Rajasthan
COMM; Percentage: 73%          Mar' 21 – May' 22

**AVM Sr. Sec.  School**          Barmer, Rajasthan
Percentage: 60%          Mar' 19 – May' 20
